Tips if you are going to both countries

Rule #1 for packing – Pack Light! We suggest packing for 7 days and nights.

- You will be hauling your luggage around the airports, hotels and to your host family,
- So bring only what you need – 1 suitcase and 1 carry-on bag
- *Consider also a day bag and a weekend travel bag, in your suitcase*
- ([This tote](#) and [this duffle](#) fold up to easily fit in your suitcase!)

Weather Changes: The weather and travel environments of Ecuador / Costa Rica vary often throughout the day.

- Expect warm and sunny mornings (mid 70 and 80s)
- Rainy afternoons and cooler nights (60 - 70's in Costa Rica) (50's-60's in Ecuador)
- While on excursions, plan for a humid, hot environment, and always for rain!

Tips for Packing Light:

- Try using ziplocks or packing cubes to reduce the size of clothing
- Pack versatile clothing items that can be both casual and professional
- Pack compact day bag/backpack in your suitcase
- Opt for thin, lightweight clothing with many layers and shoes that are not bulky
- Optimize space by packing items like toiletries and electronics in small pouches
- Remember--you only need to pack 7 days' worth of clothing
- Be a minimalist with toiletries--bring only what you really need
